

BEING A METHODIST DURING A PANDEMIC

THE VOWS WE TAKE AS METHODISTS GIVE US DIRECTION FOR COMMUNITY INVOLVEMENT ANY TIME BUT PARTICULARLY DURING A TIME OF CRISIS.

PRAYERS

Focus daily prayers toward the sick and suffering as well as those in essential roles such as healthcare providers, educators, first responders, and goods & services workers. Prayer requests can be submitted via winfieldumc.com and are kept in confidence.

PRESENCE

While we can't meet together for in-person worship, connecting as a congregation is of particular importance. Join us for worship on Sundays at 10 am on Facebook at facebook.com/winfield.church or by following the Worship link on winfieldumc.com. Use the Feedback form to sign up for Rev. Betsy's weekly note to keep up with current opportunities.

SERVICE

Even with social distance you can be of service - to your church and your neighbors. Be a listening ear, deliver food, sew masks, help with worship service production or other ongoing ministries of the church.

GIFTS

Though the building may be closed, the church is not. The ministries and mission of the church continue as do our bills. Your gifts and faithful support allow us to pay our staff and our bills, and ensure our efforts to impact our local community and the world with the message of God's love. Visit the website Giving page for ways you can give during this time.

WITNESS

Especially in these uncertain times, people are hungry for a word of hope. As the body of Christ, we can spread joy and kindness and be a source of light by what we say and what we do. Be sure to tell people about our Sunday online worship.
